REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1-7 are allowed over the prior art of record.

Current invention teaches a preset rotary and slide control switch including a variable control where activating the latch will engage the switch at different preset position causing the switch to electrically couple its pole to one of a plurality of receiving terminal. The variable control further controls the amount of energy being routed through the switch. Claims structure in combination with the claimed limitations of the base claim are neither disclosed nor suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
